## **ANOTHER GREAT YEAR AT PGS!**

With the dawn of a new school year we enter Palestine Grade School with a continued expectation of excellence in our academics, our athletics, and our arts. It is this Principal's belief that PGS students are the best as they continue to bring much pride to themselves and to all of us who have

the opportunity to work with them. For some of our students and staff the school year has already started. Band Camp brought our musicians back. **WOW!** Did they sound good!! Baseball and Softball are going strong with excellent coaches and athletes. Junior Foot-

ball League is preparing for another good season. There is never a dull moment at PGS!

## **Our Showcase Library**

Once again, PTO and our students have given a beautiful gift to Palestine Grade School. Beautiful, custom-designed library shelves were built

and installed for our library this summer. Mrs. Carr has been busy re-shelving and arranging books to get ready for our avid readers. PTO,

students, and parents, thank you for the continued support you give our students and our Staff! We appreciate all the gifts you provide for us!
